

acep Association for Comprehensive Energy Psychology

9th Annual International Conference

EVENING EVENTS ~ OPEN TO THE PUBLIC

Thursday April 19, 2007

Her Holiness

Sai Maa Lakshmi Devi

Sacred Relationships

7:30-9:30 pm

Do you often wonder about the purpose of relationships? What are the ingredients of a Sacred Relationship? Sai Maa Lakshmi Devi will illuminate for you the role that fear plays in keeping us from experiencing the bliss that a divine relationship can offer. She will show how a relationship is a mirror to our divine Self and helps you to grow. With great clarity she will help you to discern the motivation for entering a relationship and how to grow and be aware in a relationship. Not just for couples, this workshop is for all who want to improve their relationships with others.

Friday April 20, 2007

Rupert Sheldrake, PhD

The Mind Beyond the Brain:

Recent Experimental

Evidence

7:30-9:30 pm

We have been brought up to believe that our minds are located inside our heads. Recent research suggests that our minds may extend beyond our brains and impact every act of perception and affect what we are looking at. Our connection with other people may also underlie the phenomena of telepathy. This workshop by a biologist in the UK will include videotapes and will discuss the recent research.

Cost: \$30 each

Westfields Marriott, Chantilly, Virginia

14750 Conference Center Dr. (703) 818-0300
